

Commission on Science and Literature

DHST/IUHPST

3rd INTERNATIONAL CONFERENCE on SCIENCE & LITERATURE

**2-4 July 2018
Paris, France**

Second call for papers

Following the successful two International Conferences on Science and Literature which took place in Athens and Poellau this Conference is the third to be organized under the aegis of the Commission on Science and Literature DHST/IUHPST. The third International Conference will be co-organized by the Sorbonne Université - Faculté des Sciences et Ingénierie with the support of the Hellenic Open University. As it was the case with the first two Conferences, the third one does not have a specific theme, as its intent continues to be the creation of an open forum for all scholars interested in Science and Literature, thus bringing into the dialogue multiple perspectives. Nevertheless, the Conference will be organized along thematic sessions, according to the papers which will be accepted by the Scientific Committee.

Proposals for individual papers or panels of three or four papers should be submitted from 1st December until the 10th of March 2018. They must include the title of the paper (or the theme of the panel), name and affiliation of the author(s), an abstract of no more than 350 words and a short CV of up to five lines.

Proposals and inquiries about practical matters may be sent to gylahakis@yahoo.com and konstantinos.tampakis@gmail.com

The international scientific committee will review the submissions and notice of acceptance will be sent until 20th of March.

Prof. Pauline Lescar will be the chair of the Local Organizing Committee and member of the Scientific Committee.

Members of the Scientific Committee:

Pauline Lescar, Sorbonne Université - Faculté des Sciences et Ingénierie
